Tamil

NAFEEL S.M

Business Analyst

I'm Nafeel, and I recently completed my bachelor's degree in information technology. I successfully completed my internship as a Business Analyst, where I gained hands-on experience in analyzing business processes, gathering and documenting requirements, and working closely with cross-functional teams to deliver efficient solutions. I have a strong interest in bridging the gap between business needs and technical solutions, with a passion for using data and analysis to support decision-making.

I'm now looking forward to new opportunities where I can apply my knowledge, grow my skills, and contribute meaningfully to innovative IT projects and business improvements

Experience

○ ONE YEAR+ ERP SYSTEM AT NOLIMIT HEAD OFFICE

○ INTERN - BUSINESS ANALYST

○ COMPLETED FULL-STACK WEB APPLICATION(MERN)

MongoDB, Express, React js, Node js with HTML, CSS, JavaScript
<https://github.com/NafeelSM/MernProject>
